Invoicing and recording of payments is done as a courtesy to clubs, so that they have a record of their payments. Got Sport is not our accounting system. The Got Sport system does not allow for invoicing ahead of time, as teams must be accepted and players must be approved on rosters to in order for Soccer Maine to use the invoicing function in Got Sport. This happens substantially after our payments are due. Therefore, please utilize the Fees Form to send in your payments to us.

If you wish to pay via debit card or credit card, please contact Shari Levesque, Executive Director of Soccer Maine. We would need to have your teams/players submitted and be able to freeze your rosters for those invoices to be created so that you can utilize that form of payment.
