Invoicing and recording of payments is done as a courtesy to clubs, so that they have a record of their payments. Got Soccer is not our accounting system. The Got Soccer system does not allow for invoicing well ahead of time, as teams must be accepted to invoice clubs and players must be submitted and frozen onto rosters for the system to create an invoice. This happens substantially after our payments are due. Therefore, please utilize the Fees Form to send in your payments to us.

If you wish to pay via debit card or Echeck, please contact Shari Levesque, Executive Director of Soccer Maine. We would need to have your teams/players submitted and be able to freeze your rosters for those invoices to be created so that you can utilize that form of payment.
